Judge Larrabee vs. the News.

Judge LARRABEE occupies two columns, or more, in the *News* of yesterday, with an elaborate argument in favor of the eligibility of persons holding judicial offices in this State, to offices under the General Government, notwithstanding the proviso in our State Constitution. The Judge was a prominent candidate last fall before the Democratic Congressional Convention for the Third District, and not a whisper of objection was then made to him by the *News*, or any other of the Sham Democratic organs, on the ground that he held a judicial office. The Judge labors hard to satisfy the *News* that it was right in its first opinion, so dogmatically pronounced, on this question, and wrong in its second and exactly opposite one. But the *News* refuses to be convinced, or comforted, and roundly informs Judge LARRABEE that his premises are wrong, that he misquotes the first constitutional convention; that he mistakes a concession for a principle; and that Judges are constitutionally disqualified from holding any Federal, or State office. It is still a question, however, whether the Senate of the U. S. will respect this fiat and rule out Judge DOOLITTLE.

United States District Court.

In yesterday's *Sentinel* we published the proceedings of the Milwaukee Bar upon the occasion of the resignation of B. K. MILLER, Esq., as Clerk of the U. S. District Court. These proceedings embodied a very high compliment to the retiring officer and a warm endorsement of his qualifications for the new field of labor which he seeks. We should fail in our duty to the public if we did not likewise bear witness to the signal ability with which Mr. MILLER has, for five years past, acquitted himself of his official trust. It is, we believe, the universal opinion of gentlemen of the Bar and all others who have had business with the U. S. Court, that a more competent officer is not to be found. The records of the Court have been admirably kept, and it is enough to say of his accounts that not one of them was ever returned from Washington for correction.

Mr. MILLER retires from the Clerkship to become a partner in the well-known firm of FINCH & LYNDE, and though young in years he brings to the discharge of his new duties, valuable experience, good talents and high character. He is succeeded in his old post by Mr. JOHN L. HATHAWAY, who has already proved his fitness for such a position by the satisfactory manner in which he filled the office of Secretary in the Milwaukee and Watertown R. R. Company. The best wish that we can extend to him is, that he may make as good a Clerk as his predecessor, and we have a good enough opinion of him to believe that he will.

OUR HOME INSURANCE COMPANIES.—In the brief notice we made yesterday of the Merchant's Mutual Insurance Company, there was an error as to the dividend declared. It should have read 5 per cent *cash* dividend on the guarantee capital, 10 per cent cash on the outstanding scrip and 15 per cent scrip dividend on the mutual policies. The Company has done a remarkably prosperous business, during the past year, and is in a very sound condition. We copy from the *American* of yesterday a brief summary of its operations and profits:

This company has been organized, and doing a Marine and Lake Insurance business for eight years. It has, in that period, paid to its customers for losses, an amount closely verging on $500,000. It has paid, in dividends to stockholders, over $50,000. It has, in cash and cash means, $60,000 reserved as a surplus, on which scrip certificates have been issued, redeemable after $100,000 shall have been accumulated.—Added to this the company hold $100,000 in judgment notes, as a guarantee capital. These notes are signed by some of our wealthiest citizens, undoubtedly representing, in the aggregate, over $5,000,000. It has been the determination of the Directors to make it a permanent and reliable Institution, offering to its customers a certain security against loss, rather than extraordinary large dividends to stockholders; hence, no larger dividends—save in one instance—than 5 per cent; have ever been declared to guaranteed stockholders, reserving the surplus for future contingencies.

Much of the credit for the palmy condition of this sound and well-managed Insurance Company, is due to the President, Dr. L. W. WEEKS, who has an able assistant in the Secretary, Mr. P. W. BURROWS.

The Commercial Insurance Company also had its dividend day on Monday, and paid out *thirty thousand dollars*, on this day, to its fortunate stockholders, being *fifteen per cent*. Beside this, the Company have a reserve fund now amounting to $40,000. Their capital is $200,000 and their affairs have been most prudently and skillfully managed. The President of this Company, MR. W. J. WHALING, and the Secretary, Mr. JAMES B. KELLOGG, are both excellent officers and enjoy the confidence and good opinions of our entire business community.

The New Senator from New York.

On Friday evening last the Republicans of the N. Y. Legislature met in caucus to select a candidate for U. S. Senator. The proceedings were brief and harmonious. The first ballot resulted as follows:

Preston King	65
Ward Hunt	17
Thurlow Weed	1
Martin Grover	1
Ira Harris	2

On motion, the nomination of PRESTON KING was then made *unanimous*.

Yesterday the Legislature of New York, in Joint Convention, ratified the action of the Republican caucus by electing PRESTON KING Senator from New York, for six years from the 4th of March next, in place of HAMILTON FISH, whose term expires. This is an excellent selection.—PRESTON KING has been, for many years past, one of the most influential leaders of the Free Soil Democracy of the Empire State. He will prove a worthy colleague to WILLIAM H. SEWARD.

A LEVY BY THE U. S. MARSHAL.—The *Free Democrat* of last evening announces that the steam engine and Hoe cylinder press, in that establishment, have been levied upon, and are to be sold by the U. S. Marshal on the 24th inst., to satisfy the judgment obtained in the U. S. Court by one *Garland* against Mr. S. M. BOOTH, for the alleged participation of the latter in the rescue of the fugitive slave *Glover*.

CHANGE IN THE CAPITAL HOUSE, MADISON.—The Madison *Argus* states that Mr. W. H. RUSSELL, for some years past, the popular landlord of the Capitol House, is about to leave and that his place will be taken by Mr. E. DEWOLF. Mr. RUSSELL, who has made a host of friends in our State, goes to the "Russell House," Detroit, where Wisconsin wayfarers will be pretty sure to find him out.

REVISION OF THE TARIFF.—The Washington correspondent of the *Tribune* says: "It is now clear there will be no general revision of the Tariff at this session, and if special objects should succeed at all, it will be through combinations formed at the last moment."

FROM MADISON.
Editorial Correspondence of the Sentinel.

MADISON, Feb. 2d, '57.

In Senate, this morning, there were preliminary resolutions, &c., looking to action upon matters, which, if attended to properly, will require more industry than we have yet seen here, in order to get through by the 23d inst., as proposed.

A resolution was introduced by Mr. Clark, calling for a Report of the doings thus far, of the Company to which the North Eastern Land Grant was given. The LaCrosse Company having already reported, it is but fair, it would seem, to have one from the other.

Mr. Cook gave notice of a bill applying the usury laws to Banks, bankers and brokers; I have not a copy of the resolution, but it is intended to rule out all money except specie and Wisconsin bills.

Mr. O'Neill introduced a bill providing for a State House of Refuge, to be located somewhere in the eastern part of the State. The bill appears to be a fair and just one, and is drawn from the act establishing the Western House of Refuge, at Rochester, N. Y. Such an establishment is very much needed. It is melancholy, indeed, that in this State of Wisconsin, there is no other disposition to be made of the juvenile delinquents than to send them to herd among the criminals in our county jails, or to disgrace them forever as inmates of our State Prison. The successful operation of Reform Schools for such delinquents has saved to themselves and to their country many a boy who is not hardened in crime, while, in every State where such schools do not exist, a large number of boys and girls are irreclaimably lost for the want of them.

Mr. Hanchett introduced a bill authorizing the Fox and Wisconsin Improvement Co. to proceed to the making of a dam above "Point Bas" on the Wisconsin River, as a reservoir to be drawn from in times of low water, with a memorial to Congress for a grant of lands for the purpose.

A NEW RAILROAD MOVEMENT.

Mr. Barnes introduced a bill authorizing the Watertown & Madison R. R. to extend their road to some point on the Mississippi river between the south line of the State and the mouth of the Wisconsin river, of which we shall probably hear more.

THE SWAMP LANDS.

In Assembly, Mr. Anunson presented a memorial from Winnebago Co., asking that 50 per cent of the revenues from sales of swamp lands be appropriated for reclaiming the lands. The people of that county, having a considerable quantity of those lands, have a notion that there is some propriety in using the fund in accordance with the terms of the grant by Congress.—They are a singular people—are these people of Winnebago county!

A GRIP AT THE SCHOOL FUND LOOSENED.

Mr. Hutchinson introduced an important bill, which was *passed* through both Houses under the suspension of the rules. It will be remembered that, at the last session, a bill was hastily passed and became a law, providing that Schools and Colleges might borrow from the School Fund from $500 to $10,000, on certain conditions. It is found that applications are pending before the School Fund Commissioners from at least one institution, which has no existence except in its charter, and no location except on paper; and this new grip at the School Fund has thus been loosened by repealing the law of last session.

ENLARGEMENT OF THE CAPITOL.

Mr. Tenney, from the committee on State Affairs, presented a Report, arguing against a removal of the Capitol from its present location; and in favor of taking immediate steps for making such enlargement and improvement of the Capitol as will provide the necessary accommodation for the Legislature, together with fire-proof offices for the various departments. One of the arguments for immediate action is the large expenditure—some $12 or $15,000—already required for safes, and the necessity of as much more expenditure to provide for the safety of the State archives.

The Report makes, on behalf of the corporate authorities of Madison, an offer of $50,000 in bonds, towards the expense. It also estimates the value of the Capitol lands, when sold, at $15,000 to $20,000, and proposes to charge the School Fund and the Bank Department, which call most loudly for fire-proof depositories, with the balance of the amount which may be necessary. The aggregate of these sums, say $100,000, will provide funds sufficient to give us a Capitol such as the State really needs.

Mr. Horn introduced a resolution providing for the removal of the Capitol to Stevens Point after three years—the necessary buildings to be prepared in the mean time.

THE WAUPACCA CASE.

At 11 A. M. this case was again taken up, and Moses M. Strong occupied a couple of hours in sustaining the Committee's Report, and in taking a turn on his own account at Mr. Knapp. His argument for Mr. Phillips was mostly based on the propriety of sustaining the rule of the law of '53, providing for notice of 30 days by a contestant. He concluded by offering three resolutions as substitutes for the one reported by the committee. The *first* resolves that it is best to have some rule of action in contested cases—the *second* resolves that although the law of '53 is unconstitutional, yet it forms a good rule of action—and the *third* resolves to apply the rule in the present case, and, applying it declares that E. P. Perry has *not* established his right to a seat.

MR. PHILLIPS RETAINS THE SEAT.

These resolutions *passed*, the last by 36 to 30. Of course, both claimant and contestant being Republicans, I have no reason for bias, one way or the other, and I am free to say that but for some remarkable action of the House hitherto, I should scarcely have looked for a vote declaring a certificate which upon its face is plainly illegal, sufficient to entitle a member to his seat here.—There was, I think, reason enough to reject both members, if there was not enough to admit Perry.

W. H. W.

LA CROSSE AND MILWAUKEE R. R.—The N. Y. *Tribune*, of the 29th ult, has the following reference, in its money article, to the progress and condition of the L. C. and M. R. R:

The La Crosse and Milwaukee Road is now completed from Milwaukee to Portage City, about 95 miles. Messrs Chamberlain and Alden, the enterprising contractors, have finished the Road within the time limited by their contract: and this is one of the very few instances on record of such a result in railroad building. The Company have just let the contract for extending the Road from Portage to La Crosse to Mr. Chamberlain of the above firm, on favorable terms.—The cost of the Road when finished, will be between $22,000 and $23,000 per mile. The annual statement of the Eastern Division will be published in a week or two, and will, we hear, show net earnings of 20 per cent for the year.—The business of the Road for January has not been large, as in common with all Western roads, the traffic has been seriously interrupted by the cold weather and snow.

ZIMMERMAN BANK, CANADA.—This Bank has been included in some of the recent lists of discredited Banks, but, according to the Canada papers, without reason. A rumor that Mr. Zimmerman had sold out his stock in the Bank gave rise to reports prejudicial to its credit. Mr. Zimmerman, however, who is a man of great wealth, promptly contradicted the story, and has given public notice that he considered himself personally responsible for all the debts of the Bank so long as it bears his name.

EAU CLAIRE COUNTY.—This newly organized County has just chosen its first set of County Officers, as follows:

Register of Deeds, C. H. Howard; County Judge, Ira Mead; Clerk of Court, Geo. Olin; County Treasury, A. Randall; District Attorney B. U. Strong; Clerk of Supervisors, C. F. Babcock; Sheriff, M. A. Page; County Surveyor, J. B. Randall; Coroner, Geo. Sprague.

A correspondent of the *American* says that the contest was very spirited, HOWARD, Republican, beating WILSON, Barstow dem., by a vote of 114 to 76.

For the Sentinel.

Capital Punishment.

MESSRS. EDITORS:—I perceive in the *Sentinel*, that amid the Legislative movements at Madison, a Bill is introduced in the Senate, repealing the present law, abolishing the death penalty for murder. It is truly to be hoped, that there will be found in the present Legislature, men enough who so understand the true nature of law—of its justice and its majesty, and with its proper adaptation to the moral deserts of crime, as to wipe from the Statute book, the law so directly and flagrantly antagonistical to the Divine Law, as that alluded to above.

But it is said that the Divine Law is not the true ground upon which to base the argument for the infliction of the penalty of death for murder—that from expediency the rather is derived the proper argument for the settlement of the question, whether the punishment by death, or that of imprisonment for life, should await the convicted murderer.

We shall not now, argue this point; but merely remark that the language of the Divine law is "Whoso sheddeth man's blood, by man shall his blood be shed: for in the image of God made he man."

But for this statute, and its coincidents, spread through the Bible, illustrating and confirming it, in our judgement we should have no right to inflict the death penalty. No presumed expediency could possibly make it right. With the Divine authority, the truest expediency coincides in this case as in all others. The best and truest expediency for a State, as well as for an individual, is to obey the Divine commands. Infidelity may sneer at this position; and a nominally religious ignorance may doubt its verity, but neither can alter the solemn and important fact; that the Divine law requires, that human legislation should authorize the infliction of the death penalty, in a fairly established case of wilful murder.

KENOSHA, Feb. 3, 1857. G.

Another Rally for Kansas.

The Richmond *Enquirer*, leading organ of the Buchanier and Pro-Slavery Democracy, in its issue of the 19th of January, contains "A LAST APPEAL" to the slaveholders of the South, to bestir themselves for another and decisive attempt to make Kansas a Slave State. We quote some of its glowing periods:

"*Here is a chance for the South to regain its equality in the government—to establish itself securely in the Senate*; here is an opportunity to arrest the march of abolitionism, and to defeat the policy which would restrict the extension of slavery, and accomplish its ruin by the slow but sure process of suffocation. *Here, in truth, is an inviting prospect of progressive development for our institutions and perpetual power for our people*; and what are we doing for the realization of this brilliant fortune? Nothing, absolutely nothing.

"The condition of affairs in Kansas reminds us how easily we might have won the victory.—The emissaries of Abolitionism are dissatisfied; their organization is broken up; Robinson, their leader, has retired from the struggle in disgust; they have no unity of aim or concert of action; and all this too despite the extraordinary aid in men, money and material, which they have received from the Legislatures of the anti-slavery States. On the other hand, the friends of the South have held their own under all the disadvantages with which our neglect has burdened them, and they are to-day the ascendant power in Kansas. If we had only supported them in their gallant struggle, how easy and decisive would have been their success!

"*But, we do not yet despair of Kansas.* We are of that hopeful class who never concede the miscarriage of their cause, until they are beaten, and no mistake. It is not our policy to dishearten our friends and embolden our enemies, by a too precipitate foreboding of defeat. When we have strong faith in a principle, we are apt to be confident of its ultimate triumph. And, so, we are not yet willing to surrender Kansas to the Abolitionists. We are for making another effort, *and a vigorous effort too*, to repair the losses which we have suffered by our insane negligence. *It is not too late to redeem Kansas*, if the people of the South will only be equal to the urgency of the occasion. WE HAVE FRIENDS IN THE FIELD, AND ALL THAT IS NECESSARY IS TO GIVE THEM ADEQUATE SUPPORT.

"But, if we are going to RESCUE Kansas, no time is to be lost. If we hesitate many moments, we will be beaten beyond the hope of recovering our position. Shall not something be done for Kansas, *and done without delay?*—*What that "something" should be, and how that "something" must be accomplished, we leave others to determine.* We discharge our duty in announcing the necessity of INSTANT EFFORT, and appealing to the friends of the South TO REDEEM Kansas from the grasp of Abolitionism."

Our New Senator.
From the Platteville (Grant Co.) American.

We are well satisfied with the man to whom the Legislature have entrusted the interests of the State and party. He is a most remarkable man, well educated, has always been a Free Soil Democrat, and in the last campaign, labored zealously and efficiently, at home and abroad, to secure the election of the Republican candidates. We have no doubt he will prove a faithful and able champion of Republican principles, and the interests of the North-West. The only valid objection to his election was the Constitutional provision, and, as the U. S. Senate have already set a precedent, in the analogous care of Trumbull, of Illinois, they will doubtless admit Doolittle.

As to Judge Howe, we should have been well pleased with him as a Senator, for we have felt a great esteem for him ever since he wrote such a noble and manly Anti-Nebraska letter to the Green Bay *Advocate*, when the Republican party was first organized in this State. We believe the Republican party of Wisconsin will yet delight to honor Judge Howe.

Special Dispatch to the N. Y. Tribune.

Cabinet Speculations.

WASHINGTON, Jan. 23.

Mr. Buchanan is much followed, flattered and feted by aggrinding interests. He has also been welcomed with disinterested evidences of respect from other quarters. His stay may be shorter than was first announced, and if so will not be satisfactory to politicians, who may infer from it that his coming was only a pretense to cover predetermined purposes. The most material difficulty now presented is the selection of Premier. This has embarrassed the programme from the outset, especially since Gen. Cass has been discarded as an availability. The same obstacle is admitted when suggested to friends. Men can be easily found for every place but that, and even the most presuming acknowledge the responsibility in making the selection. Under these confused embarrassments Mr. Marcy's friends are encouraged with the hope that his retention may become a State necessity. Mr. Buchanan has substantially said, since his arrival, if a Cabinet officer be chosen from Pennsylvania, J. Glancy Jones will be the man. Col. Forney is admitted to be out of the ring; but the hesitation concerning this point shows Mr. Buchanan's judgment to be wavering.

ENLARGEMENT OF THE CAPITOL.—The report of the Committee on State Affairs, on the subject of an enlargement of the Capitol, submitted in the Assembly this morning, will be found in another column of to-day's paper. The safety of the public records, now in constant jeopardy from fire, is of primary importance, and the interests of the State demand immediate action upon the subject.

The very liberal offer of the city of Madison to contribute $50,000 towards the proposed enlargement, will, with what is left of the Capitol lands, furnish the means for completing the work without any actual expenditure by the State.—*Madison State Journal.*

DEATH OF MRS. WIRT.—Intelligence reached this city yesterday of the death of the estimable and venerable widow of the late William Wirt. She died at Annapolis, Maryland, on Saturday last. Her remains will be brought to this city to-day, to be interred by the side of those of her illustrious husband, in the Congressional burying ground.—*Washington Union.*

Real Estate in New York--Columbia College Grounds.

The New York *Tribune* of Friday last gives the following account of the sale at auction of the lots between Park Place, Church Street, and College Place, now occupied by old Columbia College; the Trustees having decided to erect new College buildings on their grounds, in the upper part of the city:

The sale of the title that remained of the land originally given for a College site, now on Park place, Church street, and College place, took place yesterday as advertised. The attendance was large. The ground, as laid down on the map, consisted of fifteen lots—the lot on the corner of Church street and Park place being 27 feet front by 92.2 in length—the next eleven lots each 25 by 90.2, and the three lots at the corner of Park place and College place, 25 by 72.2—Mr. Muller said that at the request of bidders the two lots at the corner of Church street and Park place, marked 1 and 2 on the map, would be sold together, making 52 feet front by 90.2.

"The time has arrived, gentlemen," said Mr. Muller, "for the sale of the old Columbia College property to begin. The terms are liberal, and we intend to sell. What do I hear offered?"

"Fifty thousand dollars."

"Fifty thousand I have offered for these two lots—the bids are free—let me hear from you [$60,000—65—70—75—80—81—82—85—87 88—89—90—91—92—93—94—95—96] held up your hands, if you wish to bid [97—98—98,500—99—99,500—100]. I'll take my hat off, now; free bids gentlemen, perfectly free upon all this property [101]. Bid up! you can't get it to-morrow [103—104—105]. Now for your stamina, gentlemen! [106—107—108] going at a hundred and eight thousand—don't give up the ship!—Fair warning—have you all done? [109—110] going! going!—you can't get such a piece of property another day. The reminiscences connected with that ground are worth something—you ought to pay something for that, [110,500—111]. Some of Old Columbia's sons ought to be here to bid it up! Once—twice—going at $111,000—last call—*gone!* and the lots were struck off to Wm. Watson, the importer, of Exchange place, at $111,000.

Lot No. 3, with the privilege of No. 4 at the same price, was started at $25,000, and finally sold to Mr. Watson at $41,250.

Lot No. 4, with the privilege of No. 5, started at $21,000, was sold to O. P. Jackson at $40,000.

No. 5, with the same privilege as the former, was started at $35,000, and struck off to Morris Brothers at $37,500.

No. 6, was started at $32,000, and struck off for $37,350 to Thomas Slocum.

No. 7, sold by itself, was started at $35,000, and struck off to Morris Brothers at $36,500.

No. 8 was started at $30,500, and struck off to Christie & Constant at $42,900.

No. 9, started at $36,000, was sold to Thomas Tileston at $41,750.

The three lots on the corner of College place and Park place were sold as two lots, 37, 36 by 76, to John Kellum—the corner one at $54,000, and the other one at $30,000.

No. 12, with the privilege of No. 11, started at $23,000, was sold to A. C. Underhill for $36,000.

No. 11, with privilege of No. 10, started at $30,000, was sold to Jonathan Lawrence at $37,000.

The last lot, No. 10, started at $35,000, was sold to Thomas Tileston at $37,500.

The entire property sold for five hundred and seventy-six thousand three hundred and fifty dollars. The sale occupied precisely an hour.

For comparison with country prices, where land is sold only by the acre, we figure out the comparative value of the two lots first sold—size 52 feet by 90 1-6, equal to 4,689 square feet, or seventeen rods, which is not quite the ninth part of an acre. The price, therefore, was equal in round numbers to *one million dollars per acre.*

Terrible Tragedy in New York--A Father Poisons himself and family--Three dead.
[From the New York Times.]

The shocking tragedy enacted in First avenue, on Sunday morning last, was yesterday the subject of investigation by Coroner Perry, and a Jury summoned for the purpose. Yesterday another was added to the list of victims to this almost unparalleled crime. The younger of Rheiman's children, Paul, a boy of four years, died from the arsenic at an early hour, despite all exertions to save him.

Charles William Rheiman, the perpetrator of the tragedy, was a German by birth, and 38 years of age. He was a tailor by occupation and has, for the last year, resided with his family—a wife and two children, one a girl, named Mary, aged 8 years, and the other a boy, about 4 years old, named Paul—in an apartment of the tenement house No. 25, Avenue A. He was a man of very intemperate habits, and subject, in consequence, to frequent fits of despondency. He paid no attention to the remonstrances of his wife, and answered her only by undefiled threats that "he would soon put an end to the matter." About a year since, he threatened, in the hearing of his wife, to poison his whole family.

He came to his home about 9 o'clock Saturday evening, and, in reply to the question from his little son, who was lying in bed—"Father, have you brought me home anything?" he answered "I have my child, I have brought home something for all." He was perfectly sober at the time, and went, soon afterwards, to bed, and slept soundly the whole night. In the morning he arose early, leaving his family still in bed, and prepared breakfast, consisting of coffee and bread. He then awoke his family and desired them to partake of the breakfast which he had prepared. He poured out a cup of the coffee, went with it to the bedside of his child Mary, and asked her to drink it. She being unwell declined taking it, whereupon he forced it down her, and then drank two cups of the beverage himself. He asked his wife to drink of it, also, but she, for some reason, her suspicion being aroused, probably, refused to do so; she merely soaked in it some bread, part of which she ate, and gave the rest to her son, Paul.

When the father partook of the coffee he went to bed again, and was soon taken violently sick, as were all the family. Mary died in about two hours afterwards in great agony, and the spirit of the father followed soon after. A short time before his death he confessed to his wife that he had put a shilling's worth of arsenic in the coffee pot. Mrs. Rheinman at once alarmed the neighbors, and physicians were sent for, but they came too late.

The child Paul was removed to the residence of his mother's father, where every effort was made to restore him; he lingered in great pain till Tuesday morning, when death ended his sufferings.

Mrs. Rheinman speedily recovered.

From Punch.

"The Resolute."

Well, we have been invaded by Jonathan, and all of us Englishers taken prisoners. Captain Hartstein and his jovial, gallant crew, have carried away the best parts of the Britishers—their hearts. We have struck to the generosity of the Stars and Stripes, and only pant with a feeling to avenge ourselves by the best and greatest act of gratitude that destiny may yet have in store for us. The Resolute, a waif and stray amidst mountainous icebergs, rubbed and barked, and a little, and not a little nipped, was picked up by American hands, carried into an American port, and forthwith docked in an American dock, to be returned by son Jonathan to daddy John, as spick and span as when she first turned her bows from her English home for Arctic seas. There was fine music going on whilst the Resolute lay in that American dock. Every blow of the shipwright's hammer struck a note of lasting peace between the two countries. Yankee Doodle and God Save the Queen were sounded by that harmonious iron. It would take very many of the brassy tongues of the Mitchells and the Meaghers—Irishmen melodiously rancorous with the wrongs of "the first flower" and "the first gem"—to drown the recollection of those sweet sounds in the memory of Englishmen. Captain Hartstein, in his manly, sailor-like speech—with the smack of the true salt in it—hoped that the old timbers of the Resolute would float for many a day. Sure we are that they will float with a still enduring strength, none the worse but all the better, for the bit of timber grown on the soil of America, that may here and there be found in her English carcass. Sweet, and especially fragrant the pitch that newly caulked her—pitch tapped from American pines.

Captain Hartstein has departed, and is now on the Atlantic. Our regret is that he could not have been brought face to face with all England; that every Englishman could not have had a grip of his sailor hand. This was not to be, but—we give the hint to the Lords of the Admiralty—why not, as a further perpetuation of the memory of the gallant fellow's mission, why not christen the next English ship launched—the Hartstein? Further, we know not whether we would not lengthen the name of The Resolute into The Resolute Jonathan; or, we are not particular, to The Jonathan Resolute. In these suggestions Punch has done his duty; let the Lords of the Admiralty imitate Punch.

AMENDMENT TO THE CONSTITUTION.—A bill was introduced in the Assembly this morning, by Mr. Reymert, providing for an amendment to the Constitution, so as to give the Governor the power of appointing Judges instead of the present system of electing them by the people.—We trust that it will not pass. Notwithstanding the outcry against an elective judiciary, the experiment has thus far worked well in this State, and we have a far more able and pure judiciary to-day than we should have had, in case they had been appointed by past Executives.—*Madison State Journal.*

From the New York Eve. Post, 27th.

One Week Later from South Brooklyn.

ARRIVAL OF THE EAGLE.

The steamer Eagle, with one week later dates from South Brooklyn, and less than two thousand passengers, arrived at her wharf at the foot of Whitehall street, at five minutes past eight o'clock this morning. Her passage was effected in good time, though she encountered several icebergs; she struck one off the southern coast, which came near knocking in her bulkhead, and brought the passengers up standing.

The Eagle met the Wyandonk off Governor's Island, bound for Atlantic street. It was expected she would reach her wharf on the 27th inst.

The news brought by the mails of the Eagle is of interest.

Mr. Merriam was about to leave the city for the State Capitol, thence twelve parasangs into the woods, when the steamer left. It was generally apprehended the weather would change upon his departure.

There has been an immense snow and blow in South Brooklyn since the last arrival of this line of steamers. A heavy snow storm, with violent winds and piercing cold, set in on the night of the 17th, and raged with relentless fury till night of the 19th, blocking up the streets and railroads, and binding the harbors with ice.

The steamer company improved the opportunity offered by this blockade, to repair the Eagle. The ladies' cabin was newly sealed with pine boards upon one side; it is expected that during the blockade next winter, it will be painted.

The Eagle brings ten days later dates from Gowanus. The people were just emerging from the snow; a four-horse team crossed the bridge on the 24th inst.

What our Ladies do Sunday Morning. When they get to Paris.

PARIS, January 5th.

On last Sunday morning, eighty seven American ladies and gentlemen were presented by our Minister to the Emperor and Empress in the Salle des Marechaux, at the Tuilleries. The imperial decree, which requires that all the ladies should appear at the evening receptions in trains would exclude many who are desirous of witnessing the ceremonies of a court, from the possibility of a presentation, had not the Empress kindly consented to receive foreigners at a morning levee, when a full dress carriage toilet is the costume prescribed by etiquette.

Our fair country women displayed their usual good taste in the choice of their attire. There were magnificent moire antiques, some plain and others with broad stripes, round the dress.—Those of a light color have white stripes, on which are bouquets or wreaths of flowers in gay shades; when dark, the stripes are the same shade, in bright satin; also, magnificent gray, violet, pink or blue, Lyons silks, a disposition, in satin or velvet stripes of a contrasting color, and edged with silk fringes; bonnets of lace of the richest description, decorated with feathers or flowers; mantles of embroidered velvet with deep lace volants covering the skirt of the robe like a tunic, and India cashmeres of the finest texture and most brilliant hues.—*Corresp. of Phila. Gazette.*

By LaCrosse & Milwaukee R. R.—327 bbls flour, 8,019 bus wheat, 670 do barley, 30 tons pig iron 1,970 lbs fish, 11,154 lbs pearlash, 34 hides, 18 pelts, 3,567 lbs sundries.

Watertown Division—71 bbls flour, 773 bus wheat, 155 do barley, 60 pelts, 70 hides.

Moderate receipts, yesterday, and market for wheat firmer. Transactions moderate. We quote:

WHEAT—90a93 club, 1,00a1,10 winter.
BARLEY—in demand, 1,30a1,45.
CORN—50a53, and dull.
RYE—nominal, 65a70.
OATS—steady, 65a68.
POTATOES—56a75.
BUTTER—dull, 15a20c.
EGGS—18 cents.
PORK—quiet, $8,25a8,50 for heavy hogs.
HIDES—8a9½ green; 14a17 dry.

Weather, yesterday, mild, with decided symptoms of a thaw.

Chicago Market.

CHICAGO, Feb. 3.

A good increase in the receipts of wheat by railroad is noticed; this, together with the late European news, causes a dullness in this staple; spring is dull to-day at 90c to store, and buyers generally offer but 89c; there is little winter in market, and no change is noted in this grain. In other grain there is nothing different from our last report; the offers there mentioned of corn at 43c for spring delivery are considered low. Large quantities of Barley will be needed by our city brewers in the spring; whether they can be supplied is doubtful—sales of large quantities could now be made at $1,50@1,55. Oats are scarce and in good demand.

MESS PORK is not so firm—we learn that a lot of 300 bbls could be had at $19,50 ₩ bbl, and prime at $16.

POTATOES have not reached the prices that was expected they would, and are now somewhat of a drug.

No change in Groceries, but a great firmness prevails.

Dressed Hogs are firm at $7,50@8, the latter price being paid to day for some heavy ones.

Judge Larrabee vs. the News.

Judge LARRABEE occupies two columns, or more, in the *News* of yesterday, with an elaborate argument in favor of the eligibility of persons holding judicial offices in this State, to offices under the General Government, notwithstanding the proviso in our State Constitution. The Judge was a prominent candidate last fall before the Democratic Congressional Convention for the Third District, and not a whisper of objection was then made to him by the *News*, or any other of the Sham Democratic organs, on the ground that he held a judicial office. The Judge labors hard to satisfy the *News* that it was right in its first opinion, so dogmatically pronounced, on this question, and wrong in its second and exactly opposite one. But the *News* refuses to be convinced, or comforted, and roundly informs Judge LARRABEE that his premises are wrong, that he misquotes the first constitutional convention; that he mistakes a concession for a principle; and that Judges are constitutionally disqualified from holding any Federal, or State office. It is still a question, however, whether the Senate of the U. S. will respect this fiat and rule out Judge DOOLITTLE.

United States District Court.

In yesterday's *Sentinel* we published the proceedings of the Milwaukee Bar upon the occasion of the resignation of B. K. MILLER, Esq., as Clerk of the U. S. District Court. These proceedings embodied a very high compliment to the retiring officer and a warm endorsement of his qualifications for the new field of labor which he seeks. We should fail in our duty to the public if we did not likewise bear witness to the signal ability with which Mr. MILLER has, for five years past, acquitted himself of his official trust. It is, we believe, the universal opinion of gentlemen of the Bar and all others who have had business with the U. S. Court, that a more competent officer is not to be found. The records of the Court have been admirably kept, and it is enough to say of his accounts that not one of them was ever returned from Washington for correction.

Mr. MILLER retires from the Clerkship to become a partner in the well-known firm of FINCH & LYNDE, and though young in years he brings to the discharge of his new duties, valuable experience, good talents and high character. He is succeeded in his old post by Mr. JOHN L. HATHAWAY, who has already proved his fitness for such a position by the satisfactory manner in which he filled the office of Secretary in the Milwaukee and Watertown R. R. Company. The best wish that we can extend to him is, that he may make as good a Clerk as his predecessor, and we have a good enough opinion of him to believe that he will.

OUR HOME INSURANCE COMPANIES.—In the brief notice we made yesterday of the Merchant's Mutual Insurance Company, there was an error as to the dividend declared. It should have read 5 per cent *cash* dividend on the guarantee capital, 10 per cent cash on the outstanding scrip and 15 per cent scrip dividend on the mutual policies. The Company has done a remarkably prosperous business, during the past year, and is in a very sound condition. We copy from the *American* of yesterday a brief summary of its operations and profits:

This company has been organized, and doing a Marine and Lake Insurance business for eight years. It has, in that period, paid to its customers for losses, an amount closely verging on $500,000. It has paid, in dividends to stockholders, over $50,000. It has, in cash and cash means, $60,000 reserved as a surplus, on which scrip certificates have been issued, redeemable after $100,000 shall have been accumulated.—Added to this the company hold $100,000 in judgment notes, as a guarantee capital. These notes are signed by some of our wealthiest citizens, undoubtedly representing, in the aggregate, over $5,000,000. It has been the determination of the Directors to make it a permanent and reliable institution, offering to its customers a certain security against loss, rather than extraordinary large dividends to stockholders; hence, no larger dividends—save in one instance—than 5 per cent, have ever been declared to guaranteed stockholders, reserving the surplus for future contingencies.

Much of the credit for the palmy condition of this sound and well-managed Insurance Company, is due to the President, Dr. L. W. WEEKS, who has an an able assistant in the Secretary, Mr. P. W. BURROWS.

The Commercial Insurance Company also had its dividend day on Monday, and paid out *thirty thousand dollars*, on this day, to its fortunate stockholders, being *fifteen per cent.* Beside this, the Company have a reserve fund now amounting to $40,000. Their capital is $200,000 and their affairs have been most prudently and skillfully managed. The President of this Company, MR. W. J. WHALING, and the Secretary, Mr. JAMES B. KELLOGG, are both excellent officers and enjoy the confidence and good opinions of our entire business community.

The New Senator from New York.

On Friday evening last the Republicans of the N. Y. Legislature met in caucus to select a candidate for U. S. Senator. The proceedings were brief and harmonious. The first ballot resulted as follows:

Preston King	65
Ward Hunt	17
Thurlow Weed	1
Martin Grover	1
Ira Harris	2

On motion, the nomination of PRESTON KING was then made *unanimous*.

Yesterday the Legislature of New York, in Joint Convention, ratified the action of the Republican caucus by electing PRESTON KING Senator from New York, for six years from the 4th of March next, in place of HAMILTON FISH, whose term expires. This is an excellent selection.—PRESTON KING has been, for many years past, one of the most influential leaders of the Free-Soil Democracy of the Empire State. He will prove a worthy colleague to WILLIAM H. SEWARD.

A LEVY BY THE U. S. MARSHAL.—The *Free Democrat* of last evening announces that the steam engine and Hoe cylinder press, in that establishment, have been levied upon, and are to be sold by the U. S. Marshal on the 24th inst., to satisfy the judgment obtained in the U. S. Court by one *Garland* against Mr. S. M. BOOTH, for the alleged participation of the latter in the rescue of the fugitive slave *Glover*.

CHANGE IN THE CAPITOL HOUSE, MADISON.—The Madison *Argus* states that Mr. W. H. RUSSELL, for some years past, the popular landlord of the Capitol House, is about to leave and that his place will be taken by Mr. E. DEWOLF. Mr. RUSSELL, who has made a host of friends in our State, goes to the "Russell House," Detroit, where Wisconsin wayfarers will be pretty sure to find him out.

REVISION OF THE TARIFF.—The Washington correspondent of the *Tribune* says:—"It is now clear there will be no general revision of the Tariff at this session, and if special objects should succeed at all, it will be through combinations formed at the last moment."

FROM MADISON.

Editorial Correspondence of the Sentinel.

MADISON, Feb. 2d, '57.

In Senate, this morning, there were preliminary resolutions, &c., looking to action upon matters, which, if attended to properly, will require more industry than we have yet seen here, in order to get through by the 23d inst., as proposed.

A resolution was introduced by Mr. Clark, calling for a Report of the doings thus far, of the Company to which the North Eastern Land Grant was given. The LaCrosse Company having already reported, it is but fair, it would seem, to have one from the other.

Mr. Cook gave notice of a bill applying the usury laws to Banks, bankers and brokers; I have not a copy of the resolution, but it is intended to rule out all money except specie and Wisconsin bills.

Mr. O'Neill introduced a bill providing for a State House of Refuge, to be located somewhere in the eastern part of the State. The bill appears to be a fair and just one, and is drawn from the act establishing the Western House of Refuge, at Rochester, N. Y. Such an establishment is very much needed. It is melancholy, indeed, that in this State of Wisconsin, there is no other disposition to be made of the juvenile delinquents than to send them to herd among the criminals in our county jails, or to disgrace them forever as inmates of our State Prison. The successful operation of Reform Schools for such delinquents has saved to themselves and to their country many a boy who is not hardened in crime, while, in every State where such schools do not exist, a large number of boys and girls are irreclaimably lost for the want of them.

Mr. Hanchett introduced a bill authorizing the Fox and Wisconsin Improvement Co. to proceed to the making of a dam above "Point Bas" on the Wisconsin River, as a reservoir to be drawn from in times of low water, with a memorial to Congress for a grant of lands for the purpose.

A NEW RAILROAD MOVEMENT.

Mr. Barnes introduced a bill authorizing the Watertown & Madison R. R. to extend their road to some point on the Mississippi river between the south line of the State and the mouth of the Wisconsin river, of which we shall probably hear more.

THE SWAMP LANDS.

In Assembly, Mr. Anunson presented a memorial from Winnebago Co., asking that 50 per cent of the revenues from sales of swamp lands be appropriated for reclaiming the lands. The people of that county, having a considerable quantity of those lands, have a notion that there is some propriety in using the fund in accordance with the terms of the grant by Congress.—They are a singular people—are these people of Winnebago county!

A GRIP AT THE SCHOOL FUND LOOSENED.

Mr. Hutchinson introduced an important bill, which was *passed* through both Houses under the suspension of the rules. It will be remembered that, at the last session, a bill was hastily passed and became a law, providing that Schools and Colleges might borrow from the School Fund from $500 to $10,000, on certain conditions. It is found that applications are pending before the School Fund Commissioners from at least one institution, which has no existence except in its charter, and no location except on paper; and this new grip at the School Fund has thus been loosened by repealing the law of last session.

ENLARGEMENT OF THE CAPITOL.

Mr. Tenney, from the committee on State Affairs, presented a Report, arguing against a removal of the Capitol from its present location; and in favor of taking immediate steps for making such enlargement and improvement of the Capitol as will provide the necessary accommodation for the Legislature, together with fireproof offices for the various departments. One of the arguments for immediate action is the large expenditure—some $12 or $15,000—already required for safes, and the necessity of as much more expenditure to provide for the safety of the State archives.

The Report makes, on behalf of the corporate authorities of Madison, an offer of $50,000 in Bonds, towards the expense. It also estimates the value of the Capitol lands, when sold, at $15,000 to $20,000, and proposes to charge the School Fund and the Bank Department, which call most loudly for fire-proof depositories, with the balance of the amount which may be necessary. The aggregate of these sums, say $100,000, will provide funds sufficient to give us a Capitol such as the State really needs.

Mr. Horn introduced a resolution providing for the removal of the Capitol to Stevens Point after three years—the necessary buildings to be prepared in the mean time.

THE WAUPACCA CASE.

At 11 A. M. this case was again taken up, and Moses M. Strong occupied a couple of hours in sustaining the Committee's Report, and in taking a [illegible] on his own account at Mr. Knapp. His argument for Mr. Phillips was mostly based on the propriety of sustaining the rule of the law of '53, providing for notice of 30 days by a contestant. He concluded by offering three resolutions as substitutes for the one reported by the committee. The *first* resolves that it is best to have some rule of action in contested cases—the *second* resolves that although the law of '53 is unconstitutional, yet it forms a good rule of action—and the *third* resolves to apply the rule in the present case, and, applying it declares that E. P. Perry has *not* established his right to a seat.

MR. PHILLIPS RETAINS THE SEAT.

These resolutions *passed*, the last by 36 to 30. Of course, both claimant and contestant being Republicans, I have no reason for bias, one way or the other, and I am free to say that but for some remarkable action of the House hitherto, I should scarcely have looked for a vote declaring a certificate which upon its face is plainly illegal, sufficient to entitle a member to his seat here.—There was, I think, reason enough to reject both members, if there was not enough to admit Perry.

W. H. W.

LA CROSSE AND MILWAUKEE R. R.—The N. Y. *Tribune*, of the 29th ult, has the following reference, in its money article, to the progress and condition of the L. C. and M. R. R:

The La Crosse and Milwaukee Road is now completed from Milwaukee to Portage City, about 95 miles. Messrs. Chamberlain and Alden, the enterprising contractors, have finished the Road within the time limited by their contract: and this is one of the very few instances on record of such a result in railroad building. The Company have just let the contract for extending the Road from Portage to La Crosse to Mr. Chamberlain of the above firm, on favorable terms.—The cost of the Road when finished, will be between $22,000 and $23,000 per mile. The annual statement of the Eastern Division will be published in a week or two, and will, we hear, show net earnings of 20 per cent for the year.—The business of the Road for January has not been large, as in common with all Western roads, the traffic has been seriously interrupted by the cold weather and snow.

ZIMMERMAN BANK, CANADA.—This Bank has been included in some of the recent lists of discredited Banks, but, according to the Canada papers, without reason. A rumor that Mr. Zimmerman had sold out his stock in the Bank gave rise to reports prejudicial to its credit. Mr. Zimmerman, however, who is a man of great wealth, promptly contradicted the story, and has given public notice that he considered himself personally responsible for all the debts of the Bank so long as it bears his name.

EAU CLAIRE COUNTY.—This newly organized County has just chosen its first set of County Officers, as follows:

Register of Deeds, C. H. Howard; County Judge, Ira Mead; Clerk of Court, Geo. Olin; County Treasury, A. Randall; District Attorney B. U. Strong; Clerk of Supervisors, C. F. Babcock; Sheriff, M. A. Page; County Surveyor, J. B. Randall; Coroner, Geo. Sprague.

A correspondent of the *American* says that the contest was very spirited, HOWARD, Republican, beating WILSON, Barstow dem., by a vote of 114 to 76.

For the Sentinel.

Capital Punishment.

MESSRS. EDITORS:—I perceive in the *Sentinel*, that amid the Legislative movements at Madison, a Bill is introduced in the Senate, repealing the present law, abolishing the death penalty for murder. It is truly to be hoped, that there will be found in the present Legislature, men enough who so understand the true nature of law—of its justice and its majesty, and with its proper adaptation to the moral deserts of crime, as to wipe from the Statute book, the law so directly and flagrantly antagonistical to the Divine Law, as that alluded to above.

But it is said that the Divine Law is not the true ground upon which to base the argument for the infliction of the penalty of death for murder—that from expediency the rather is derived the proper argument for the settlement of the question, whether the punishment by death, or that of imprisonment for life, should await the convicted murderer.

We shall not now, argue this point; but merely remark that the language of the Divine law is "Whoso sheddeth man's blood, by man shall his blood be shed: for in the image of God made he man."

But for this statute, and its coincidents, spread through the Bible, illustrating and confirming it, in our judgement we should have no right to inflict the death penalty. No presumed expediency could possibly make it right. With the Divine authority, the truest expediency coincides in this case as in all others. The best and truest expediency for a State, as well as for an individual, is to obey the Divine commands. Infidelity may sneer at this position; and a nominally religious ignorance may doubt its verity, but neither can alter the solemn and important fact, that the Divine law requires, that human legislation should authorize the infliction of the death penalty, in a fairly established case of wilful murder.

KENOSHA, Feb. 3, 1857. G.

Another Rally for Kansas.

The Richmond *Enquirer*, leading organ of the Buchanier and Pro-Slavery Democracy, in its issue of the 19th of January, contains "A LAST APPEAL" to the slaveholders of the South, to bestir themselves for another and decisive attempt to make Kansas a Slave State. We quote some of its glowing periods:

"*Here is a chance for the South to regain its equality in the government—to establish itself securely in the Senate*; here is an opportunity to arrest the march of abolitionism, and to defeat the policy which would restrict the extension of slavery, and accomplish its ruin by the slow but sure process of suffocation. *Here, in truth, is an inviting prospect of progressive development for our institutions and perpetual power for our people*; and what are we doing for the realization of this brilliant fortune? Nothing, absolutely nothing.

"The condition of affairs in Kansas reminds us how easily we might have won the victory.—The emissaries of Abolitionism are dissatisfied; their organization is broken up; Robinson, their leader, has retired from the struggle in disgust; they have no unity of aim or concert of action; and all this too despite the extraordinary aid in men, money and material, which they have received from the Legislatures of the anti-slavery States. On the other hand, the friends of the South have held their own under all the disadvantages with which our neglect has burdened them, and they are to-day the ascendant power in Kansas. If we had only supported them in their gallant struggle, how easy and decisive would have been their success!

"*But, we do not yet despair of Kansas.* We are of that hopeful class who never concede the miscarriage of their cause, until they are beaten, and no mistake. It is not our policy to dishearten our friends and embolden our enemies, by a too precipitate foreboding of defeat. When we have strong faith in a principle, we are apt to be confident of its ultimate triumph. And, so, we are not yet willing to surrender Kansas to the Abolitionists. We are for making another effort, *and a vigorous effort too*, to repair the losses which we have suffered by our insane negligence. *It is not too late to redeem Kansas*, if the people of the South will only be equal to the urgency of the occasion. WE HAVE FRIENDS IN THE FIELD, AND ALL THAT IS NECESSARY IS TO GIVE THEM ADEQUATE SUPPORT.

"But, if we are going to RESCUE Kansas, no time is to be lost. If we hesitate many moments, we will be beaten beyond the hope of recovering our position. Shall not something be done for Kansas, *and done without delay?—What that "something" should be, and how that "something" must be accomplished, we leave others to determine.* We discharge our duty in announcing the necessity of INSTANT EFFORT, and appealing to the friends of the South TO REDEEM Kansas from the grasp of Abolitionism."

Our New Senator.

From the Plattsville (Grant Co.) American.

We are well satisfied with the man to whom the Legislature have entrusted the interests of the State and party. He is a most remarkable man, well educated, has always been a Free Soil Democrat, and in the last campaign, labored zealously and efficiently, at home and abroad, to secure the election of the Republican candidates. We have no doubt he will prove a faithful and able champion of Republican principles, and the interests of the North-West. The only valid objection to his election was the Constitutional provision, and, as the U. S. Senate have already set a precedent, in the analogous care of Trumbull, of Illinois, they will doubtless admit Doolittle.

As to Judge Howe, we should have been well pleased with him as a Senator, for we have felt a great esteem for him ever since he wrote such a noble and manly Anti-Nebraska letter to the Green Bay *Advocate*, when the Republican party was first organized in this State. We believe the Republican party of Wisconsin will yet delight to honor Judge Howe.

Special Dispatch to the N. Y. Tribune.

Cabinet Speculations.

WASHINGTON, Jan. 28.

Mr. Buchanan is much followed, flattered and feted by axgrinding interests. He has also been welcomed with disinterested evidences of respect from other quarters. His stay may be shorter than was first announced, and if so, will not be satisfactory to politicians, who may infer from it that his coming was only a pretense to cover predetermined purposes. The most material difficulty now presented is the selection of Premier. This has embarrassed the programme from the outset, especially since Gen. Cass has been discarded as an availability. The same obstacle is admitted when suggested to friends. Men can be easily found for every place but that, and even the most presuming acknowledge the responsibility in making the selection. Under these confused embarrassments Mr. Marcy's friends are encouraged with the hope that his retention may become a State necessity. Mr. Buchanan has substantially said, since his arrival, if a Cabinet officer be chosen from Pennsylvania, J. Glancy Jones will be the man. Col. Forney is admitted to be out of the ring; but the hesitation concerning this point shows Mr. Buchanan's judgment to be wavering.

ENLARGEMENT OF THE CAPITOL.—The report of the Committee on State Affairs, on the subject of an enlargement of the Capitol, submitted in the Assembly this morning, will be found in another column of to-day's paper. The safety of the public records, now in constant jeopardy from fire, is of primary importance, and the interests of the State demand immediate action upon the subject.

The very liberal offer of the city of Madison to contribute $50,000 towards the proposed enlargement, will, with what is left of the Capitol lands, furnish the means for completing the work without any actual expenditure by the State.—*Madison State Journal.*

DEATH OF MRS. WIRT.—Intelligence reached this city yesterday of the death of the estimable and venerable widow of the late William Wirt. She died at Annapolis, Maryland, on Saturday last. Her remains will be brought to this city to-day, to be interred by the side of those of her illustrious husband, in the Congressional burying ground.—*Washington Union.*

Real Estate in New York—Columbia College Grounds.

The New York *Tribune* of Friday last gives the following account of the sale at auction of the lots between Park Place, Church Street, and College Place, now occupied by old Columbia College; the Trustees having decided to erect new College buildings on their grounds, in the upper part of the city:

The sale of the title that remained of the land originally given for a College site, now on Park place, Church street, and College place, took place yesterday as advertised. The attendance was large. The ground, as laid down on the map, consisted of fifteen lots—the lot on the corner of Church street and Park place being 27 feet front by 92.2 in length—the next eleven lots each 25 by 90.2, and the three lots at the corner of Park place and College place, 25 by 72.2.—Mr. Muller said that at the request of bidders the two lots at the corner of Church street and Park place, marked 1 and 2 on the map, would be sold together, making 52 feet front by 90.2.

"The time has arrived, gentlemen," said Mr. Muller, "for the sale of the old Columbia College property to begin. The terms are liberal, and we intend to sell. What do I hear offered?"

"Fifty thousand dollars."

"Fifty thousand I have offered for these two lots—the bids are free—let me hear from you [$60,000—65—70—75—80—81—82—85—87 88—89—90—91—92—93—94—95—96] held up your hands, if you wish to bid [97—98—98,500—99—99,500—100]. I'll take my hat off, now; free bids gentlemen, perfectly free upon all this property [101]. Bid up! you can't get it to-morrow [103—104—105]. Now for your stamina, gentlemen! [106—107—108] going at a hundred and eight thousand—don't give up the ship!—Fair warning—have you all done? [109—110] going! going!—you can't get such a piece of property another day. The reminiscences connected with that ground are worth something—you ought to pay something for that, [110,500—111]. Some of Old Columbia's sons ought to be here to bid it up! Once—twice—going at $111,000—last call—*gone!* and the lots were struck off to Wm. Watson, the importer, of Exchange place, at $111,000.

Lot No. 3, with the privilege of No. 4 at the same price, was started at $25,000, and finally sold to Mr. Watson at $41,250.

Lot No. 4, with the privilege of No. 5, started at $21,000, was sold to O. P. Jackson at $40,000

No. 5, with the same privilege as the former, was started at $35,000, and struck off to Morris Brothers at $37,500.

No. 6, was started at $32,000, and struck off for $37,350 to Thomas Slocum.

No. 7, sold by itself, was started at $35,000, and struck off to Morris Brothers at $36,500.

No. 8 was started at $36,500, and struck off to Christie & Constant at $42,000.

No. 9, started at $36,000, was sold to Thomas Tileston at $41,750.

The three lots on the corner of College place and Park place were sold as two lots, 37, 36 by 76, to John Kellum—the corner one at $54,000, and the other one at $30,000.

No. 12, with the privilege of No. 11, started at $23,000, was sold to A. C. Underhill for $36,000.

No. 11, with privilege of No. 10, started at $30,000, was sold to Jonathan Lawrence at $37,000.

The last lot, No. 10, started at $35,000, was sold to Thomas Tileston at $37,500.

The entire property sold for five hundred and seventy-six thousand three hundred and fifty dollars. The sale occupied precisely an hour.

For comparison with country prices, where land is sold only by the acre, we figure out the comparative value of the two lots first sold—size, 52 feet by 90 1-6, equal to 4,689 square feet, or seventeen rods, which is not quite the ninth part of an acre. The price, therefore, was equal in round numbers to *one million dollars per acre.*

Terrible Tragedy in New York—A Father Poisons himself and family—Three dead.

[From the New York Times]

The shocking tragedy enacted in First avenue, on Sunday morning last, was yesterday the subject of investigation by Coroner Perry, and a Jury summoned for the purpose. Yesterday another was added to the list of victims to this almost unparalleled crime. The younger of Rheiman's children, Paul, a boy of four years, died from the arsenic at an early hour, despite all exertions to save him.

Charles William Rheiman, the perpetrator of the tragedy, was a German by birth, and 38 years of age. He was a tailor by occupation and has, for the last year, resided with his family—a wife and two children, one a girl, named Mary, aged 8 years, and the other a boy, about 4 years old, named Paul—in an apartment of the tenement house No. 25, Avenue A. He was a man of very intemperate habits, and subject, in consequence, to frequent fits of despondency. He paid no attention to the remonstrances of his wife, and answered her only by undefiled threats that "he would soon put an end to the matter." About a year since, he threatened, in the hearing of his wife, to poison his whole family.

He came to his home about 2 o'clock Saturday evening, and, in reply to the question from his little son, who was lying in bed—"Father, have you brought me home anything?" he answered "I have my child, I have brought home something for all." He was perfectly sober at the time, and went, soon afterwards, to bed, and slept soundly the whole night. In the morning he arose early, leaving his family still in bed, and prepared breakfast, consisting of coffee and bread. He then awoke his family and desired them to partake of the breakfast which he had prepared. He poured out a cup of the coffee, went with it to the bedside of his child Mary, and asked her to drink it. She being unwell declined taking it, whereupon he forced it down her, and then drank two cups of the beverage himself. He asked his wife to drink of it, also, but she, for some reason, her suspicion being aroused, probably, refused to do so; she merely soaked in it some bread, part of which she ate, and gave the rest to her son, Paul.

When the father partook of the coffee he went to bed again, and was soon taken violently sick, as were all the family. Mary died in about two hours afterwards in great agony, and the spirit of the father followed soon after. A short time before his death he confessed to his wife that he had put a shilling's worth of arsenic in the coffee pot. Mrs. Rheinman at once alarmed the neighbors, and physicians were sent for, but they came too late.

The child Paul was removed to the residence of his mother's father, where every effort was made to restore him; he lingered in great pain till Tuesday morning, when death ended his sufferings.

Mrs. Rheinman speedily recovered.

From Punch,

"The Resolute."

Well, we have been invaded by Jonathan, and all of us Englishers taken prisoners. Captain Hartstein and his jovial, gallant crew, have carried away the best parts of the Britishers—their hearts. We have struck to the generosity of the Stars and Stripes, and only pant with a feeling to avenge ourselves by the best and greatest act of gratitude that destiny may yet have in store for us. The Resolute, a waif and stray amidst mountainous icebergs, rubbed and barked, and a little, and not a little nipped, was picked up by American hands, carried into an American port, and forthwith docked in an American dock, to be returned by son Jonathan to daddy John, as spick and span as when she first turned her bows from her English home for Arctic seas. There was fine music going on whilst the Resolute lay in that American dock. Every blow of the shipwright's hammer struck a note of lasting peace between the two countries. Yankee Doodle and God Save the Queen were sounded by that harmonious iron. It would take very many of the brassy tongues of the Mitchells and the Meaghers—Irishmen melodiously rancorous with the wrongs of "the first flower" and "the first gem"—to drown the recollection of those sweet sounds in the memory of Englishmen. Captain Hartstein, in his manly, sailor-like speech—with the smack of the true salt in it—hoped that the old timbers of the Resolute would float for many a day. Sure we are that they will float with a still enduring strength, none the worse but all the better, for the bit of timber grown on the soil of America, that may here and there be found in her English carcass. Sweet, and especially fragrant the pitch that newly caulked her—pitch tapped from American pines.

Captain Hartstein has departed, and is now on the Atlantic. Our regret is that he could not have been brought face to face with all England; that every Englishman could not have had a grip of his sailor hand. This was not to be, but—we give the hint to the Lords of the Admiralty—why not, as a further perpetuation of the memory of the gallant fellow's mission, why not christen the next English ship launched—the Hartstein? Further, we know not whether we would not lengthen the name of The Resolute into The Resolute Jonathan; or, we are not particular, to The Jonathan Resolute. In these suggestions Punch has done his duty; let the Lords of the Admiralty imitate Punch.

AMENDMENT TO THE CONSTITUTION.—A bill was introduced in the Assembly this morning, by Mr. Reymert, providing for an amendment to the Constitution, so as to give the Governor the power of appointing Judges instead of the present system of electing them by the people.—We trust that it will not pass. Notwithstanding the outcry against an elective judiciary, the experiment has thus far worked well in this State, and we have a far more able and pure judiciary to-day than we should have had, in case they had been appointed by past Executives.—*Madison State Journal.*

From the New York Eve. Post, 27th.

One Week Later from South Brooklyn.

ARRIVAL OF THE EAGLE.

The steamer Eagle, with one week later dates from South Brooklyn, and less than two thousand passengers, arrived at her wharf at the foot of Whitehall street, at five minutes past eight o'clock this morning. Her passage was effected in good time, though she encountered several icebergs; she struck one off the southern coast, which came near knocking in her bulkhead, and brought the passengers up standing.

The Eagle met the Wyandonk off Governor's Island, bound for Atlantic street. It was expected she would reach her wharf on the 27th inst.

The news brought by the males of the Eagle is of interest.

Mr. Merriam was about to leave the city for the State Capitol, thence twelve parasangs into the woods, when the steamer left. It was generally apprehended the weather would charge upon his departure.

There has been an immense snow and blow in South Brooklyn since the last arrival of this line of steamers. A heavy snow storm, with violent winds and piercing cold, set in on the night of the 17th, and raged with relentless fury till night of the 19th, blocking up the streets and railroads, and binding the harbors with ice.

The steamer company improved the opportunity offered by this blockade, to repair the Eagle. The ladies' cabin was newly sealed with pine boards upon one side; it is expected that during the blockade next winter, it will be painted.

The Eagle brings ten days later dates from Gowanus. The people were just emerging from the snow: a four-horse team crossed the bridge on the 24th inst.

What our Ladies do Sunday Morning. When they get to Paris.

PARIS, January 5th.

On last Sunday morning, eighty seven American ladies and gentlemen were presented by our Minister to the Emperor and Empress in the Salle des Marechaux, at the Tuilleries. The Imperial decree, which requires that all the ladies should appear at the evening receptions in trains would exclude many who are desirous of witnessing the ceremonies of a court, from the possibility of a presentation, had not the Empress kindly consented to receive foreigners at a morning levee, when a full dress carriage toilet is the costume prescribed by etiquette.

Our fair country women displayed their usual good taste in the choice of their attire. There were magnificent moire antiques, some plain and others with broad stripes, round the dress.—Those of a light color have white stripes, on which are bouquets or wreaths of flowers in gay shades; when dark, the stripes are the same shade, in bright satin; also, magnificent gray, violet, pink or blue, Lyons silks, a disposition, in satin or velvet stripes of a contrasting color, and edged with silk fringes; bonnets of lace of the richest description, decorated with feathers or flowers: mantles of embroidered velvet with deep lace volants covering the shirt of the robe like a tunic, and India cashmeres of the finest texture and most brilliant hues.—*Corresp. of Phila. Gazette.*

Watertown Division—71 bbls flour, 778 bus wheat, 185 do barley, 60 pelts, 70 hides.

Moderate receipts, yesterday, and market for wheat firmer. Transactions moderate. We quote:

WHEAT—90a93 club, 1,00a1,10 winter.
BARLEY—in demand, 1,30a1,45.
CORN—50a52, and dull.
RYE—nominal, 65a70.
OATS—steady, 35a38.
POTATOES—56a75.
BUTTER—dull, 18a20c.
EGGS—18 cents.
PORK—quiet, $8,25a8,50 for heavy hogs.
HIDES—5a8½ green; 14a17 dry.

Weather, yesterday, mild, with decided symptoms of a thaw.

Chicago Market.

CHICAGO, Feb. 3.

A good increase in the receipts of wheat by railroad is noticed; this, together with the late European news, causes a dullness in this staple; spring is dull to-day at 90c to store, and buyers generally offer but 89c; there is little winter in market, and no change is noted in this grain. In other grain there is nothing different from our last report; the offers there mentioned of corn at 43c for spring delivery are considered low. Large quantities of Barley will be needed by our city brewers in the spring; whether they can be supplied is doubtful—sales of large quantities could now be made at $1,50@1,55. Oats are scarce and in good demand.

MESS PORK is not so firm—we learn that a lot of 500 bbls could be had at $19,50 ℔ bbl, and prime at $16.

POTATOES have not reached the prices that was expected they would, and are now somewhat of a drug.

No change in Groceries, but a great firmness prevails.

Dressed Hogs are firm at $7,50@8, the latter price being paid to day for some heavy ones.

160 acres *prairie*, with a *timber lot*, nearly half improved, frame house, well, &c., 2 miles from Fox Lake.—This is a good farm, and will be sold low.

80 acres prairie and openings, all available, within ten minutes walk of the Fox Lake College, would make a pleasant country residence, and will be sold below anything in market.

We have also for sale, at low prices, a large number of lots, and some pleasant houses and lots, located in different parts of Fox Lake. oc4dy

POLICE COURT, FEBRUARY 3.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

Charles Dwinell, disorderly, fined $3.

William Pendergrast, drunk, fined $1.

Margaret Craud plead guilty to an assault and battery upon Mary Craud, and was fined $10 and costs.

Joseph Soper, charged with picking the pockets of Joseph Locasi, was brought down from jail, and was remanded back to await an examination.

A woman named Mary Murphy, who has been in the State Prison for stealing, and who escaped once from jail, was up for being drunk and disorderly, and was fined $5; an execution was issued, to give the woman a chance to leave town.

WATCH STOLEN.—Yesterday afternoon information was given to the Police that a man, whose name we were unable to learn, had been robbed of his watch and chain in a house of ill fame on Vliet street. The value of the articles stolen was $15). A hack driver heard one of the prostitutes who keeps the house tell the owner that if he would give her $50 she would get him the watch.

The Police went to the house, and after searching it throughout, failed to find the watch. The same girl who had offered to restore the watch to the owner told one of the officers where it was, and that it was not *in* the house. After a diligent search the watch was found in a drain covered with snow, and restored to its owner. No arrest was made and no prosecution instituted.

LOST.—A little girl, named EMILY WRIGHT, an orphan, 9 or 10 years of age, was brought into this city to-day, by the noon train, from Fond du Lac, and having no friends to take care of or protect her, she was taken to the Station House, by some kind hearted hackman, where she was kindly received and cared for. She says she was placed upon the cars by her uncle, who is in good circumstances, and resides at Fond du Lac with an unmarried sister. No directions were given her, as to how to act when she arrived here. She says she has a sister living somewhere in this city, named MARIA WRIGHT, who is a seamstress. The little girl is very neatly and plainly dressed, and exceedingly well behaved. Why she should thus be set adrift upon the world, we cannot conceive.—Some people are possessed of hearts as hard as stone, if they have any at all.—*Free Democrat of yesterday.*

SIDE-WALKS AND GUTTERS.—At last the Common Council have made a move towards having the sidewalks cleaned of ice and snow and the gutters opened.—The following resolution was adopted by the Board on Saturday evening:

Resolved, That the Chief Police be and hereby is directed to notify the owners or occupants of all lots and parts of lots fronting on the principal business streets in the city, to remove the snow and ice accumulated on the side-walks and in the gutters, and where banks of snow are formed, to scatter the same in the centre of the streets, and the same to be done within forty-eight hours from the date hereof. All persons after such notice being given neglecting or refusing to comply with the same, the Chief of Police is hereby directed to prosecute them forthwith.

COSMOPOLITAN ART ASSOCIATION.—At the recent distribution of Pictures and other works of art, by the Cosmopolitan Art Association of Sandusky, Ohio, the following were awarded to Milwaukee: Certificate No. 12,984—Mother and Child—to George F. Austin. No. 95,585—Statuette of Phidias—to J. N. Perkins. No. 51,555—View on the Speedwell—to the Editor of the *Sentinel*. These pictures will probably be received, in the course of 8 or 10 days, by M. G. Elmore, the Honorary Secretary in this city.

CITY LAND OFFICE.—Mr. WALL has fixed up his new office, No. 4 in "*the Albany*" in good taste, and is now prepared to see his friends and the public. Persons wishing to buy, or sell Real Estate, negotiate bonds, notes, mortgages, stocks, or any other securities, will find WALL always ready and willing to accommodate them.—In his office may be found all the necessary maps, newspapers and other documents, indispensable to safe operations in real estate, or advantageous bargains in stocks and bonds. Give him a call.

PAINFUL ACCIDENT.—We regret to learn that our esteemed fellow citizen, Mr. E. HOPKINS, in going home Sunday night, slipped and fell on the icy side-walk, fracturing his leg in two places. He was promptly cared for by Drs. WOLCOTT and BARTLETT and is doing as well as could be expected.

REV. MR. RICHMOND'S LECTURE.—Mr. RICHMOND gave his second Lecture to a small audience, at Young's Hall, last evening. The few who were present were abundantly entertained and the only thing to be regretted is, that there were not more of our citizens at the Lecture to enjoy the unusual treat.

VERY LIKE A THAW.—The weather moderated rapidly yesterday, and by afternoon eaves were dripping, gutters gurgling, snow and ice softening, and every symptom of a decided thaw. Look out, now, for gutters roofs and sidewalks, and get them cleared of snow and ice as soon as possible.

FIREMAN'S FUNERAL.—The members of the Fire Department turned out, yesterday afternoon, in goodly numbers, to attend the funeral of HENRY SHOKSMITH, a member of Engine Co. No. 1. The ceremonies were appropriate and impressive.

THE DRIVERS BALL.—This entertainment, which comes off to-morrow night, will be a successful one, beyond doubt, as those who have it in charge know how to get up, as well as how to enjoy, a social dance, and the benevolent object in view commends it to general favor.

ARRESTED.—Two little boys, apple pedlars, were arrested yesterday afternoon for fighting in the streets. After a few hours in the Watch House they were liberated, to appear this morning.

NEW PUBLICATIONS.—We are indebted to Mr. ARCHIBALD WILSON and to STRICKLAND & Co., for a number of new books, which we shall endeavor to notice in our next.

Cleanse your Blood.

If your blood requires cleansing, use one of Herrick's Sugar Coated Pills every other night. One box costing 25 cents, used in this manner, will be of more service than gallons of syrups, concocted by nobody knows who, and from nobody knows what. Herrick's Pills are reliable. They have sold on their merits nineteen years.

ALL NOTARIAL BUSINESS EXECUTED WITH DESPATCH AND ACCURATENESS.
OFFICE—CITY AUCTION ROOM,
Corner East Water and Wisconsin Streets.

A Rare Chance.

WE offer for sale, on account of ill health of the owner, one of the best and most profitable business stands in the beautiful and thriving city of Monroe, Wisconsin. The stores are in the immediate neighborhood of the railroad depot; one containing a full and general assortment of all kinds of Groceries, Provisions, Boots and Shoes, Fancy Articles, etc., and the other, a general assortment of Wines and liquors.

Since the business has been established it has enjoyed a very liberal patronage, and has, at present, more than five hundred steady well paying customers.

As the whole will be sold at a very reasonable price, and on easy conditions, any one who wants to engage in business can make no better investment than the above.

Also in the same place 30 valuable building lots, all in the vicinity of the railroad depot.

Also a farm of 40 acres, all improved, two miles south of the city of Monroe, at $35 an acre. We have also for sale, or to exchange for dry goods, ready-made clothing, boots, shoes, etc., four beautiful and valuable building lots in the fast go-ahead city of Beaver Dam—one of the best inland business places in the State. The lots are situated on Spring Street in the vicinity of the Empire Mills and the Baraboo and Beaver Dam R. R. Depot. Title perfect.

Also one lot 165 by 52, on front street, with a new frame house 28 by 18, cellar, cistern, stable, etc. The house will rent for $100 a year. The same will be sold at a very low price and on very easy conditions; also in the beautiful and romantic village of Milton, Rock County, the well-known tavern stand, known as the "Du Lac House," with all the appurtenances, barn, stables, buildings, etc., at a good bargain.

Improved and unimproved farms of every description, and in all parts of the State; building lots in every Ward in the City of Milwaukee.

As we received advices from our Agent in Germany of numerous emigrants arriving this spring, land owners will find it to their advantage to give us their list of lands for sale, as early as possible. We are now ready to locate lands in any County of the State, to the best advantage.

All business connected with the General Land and Real Estate Agency will be attended to confidentially and faithfully.

The Principal bases his opportunity to acknowledge the courtesy of several of the most distinguished Shipping and Jobbing Houses in the East, who recently allowed him to examine their books, besides explaining many points of practice belonging to different branches of the business. A perpetual ticket covers the privilege of original plans for conducting labor, which, as far as he knows, may be justly designated the *ne plus ultra* of the art.

These advantages, exacted upon Mr. SALOM'S long practical experience in a variety of Counting Houses, have enabled him to elaborate a novel and valuable series of transactions, introducing all the great leads and ramifications of mercantile routine to be thoroughly developed by the student. A perpetual ticket confers the privilege of instruction in Book-Keeping at all times, as well as tuition in Writing, Mercantile Calculations, Law, Correspondence Forms, &c.

The Surveying and Mathematical department is in progress during the day and evening.

PRIMARY DEPARTMENT.
A competent Female has charge of this department, and children are received at any age.

THE LADIES' DEPARTMENT
IN A SEPARATE ROOM,
is under the superintendence of Miss. W. A. HALL. Young Ladies recite in Prof. L.'s classes in English Grammar, Rhetoric, Composition, &c., and are taught a neat and fashionable style of Writing. Instruction is given in Embroidery, Drawing, Music, Latin and German, and scholars are taught to read, write and converse in French daily.

O. F. L. takes pleasure in announcing to his friends and patrons the prosperity of this department during the past year. He pledges himself that it will be his constant aim to secure the greatest amount of intellectual and moral improvement, to those entrusted to his care.

COMMERCIAL DEPARTMENT.
This department is under the immediate charge of Prof. Larigo. Instruction is given in all the branches of a thorough English and Commercial Education, including the Higher Mathematics, French, Latin and German Languages, and is designed to prepare youth for college or for business life. Perfect facilities are afforded to young gentlemen [illegible]ring, in the most expeditious manner, a thorough knowledge of Commercial Science as practically employed in the Counting Rooms and Business pursuits generally.

The Full course embraces the most approved and practical forms for keeping Books by Double Entry, in the various departments of Trade and Commerce, including general Wholesale and Retail, Mercantile Exchange, Commission, Shipping, Individual Partnership and Compound Company Business with Commercial Correspondence in English, French and German. The Student is taught to copy all manuscripts in a bold and rapid hand, which serves as a great auxiliary to him in securing an excellent style of writing—a hand writing in every respect adapted to business pursuits is also warranted to every student who takes a full course with a Diploma.

Through the extensive business acquaintance of the Principal, many of his students obtain profitable situations.

LESSONS IN
Foreign Languages.

MR. AND MRS. L. S. H. DE CRETY, from Paris, for four years past instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish Languages on the 1st of September next. The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate, their house being arranged with that view.

Gentlemen and ladies who begin to speak either of these languages, can receive lessons in Reading and Conversation, Mr. De Crety furnishing books of the best French authors. Those too wishing to learn vocal music in either of these languages, will find a competent music teacher in the establishment.

The hours of instruction will be from 8 to 11 o'clock A. M., and from 2 to 5 P. M. And in the evening from half past 6 to 8, for conversation.

Mr. DE CRETY will also give lessons in French, Spanish and Italian, at his office, to gentlemen only, from 7 to 10 o'clock in the evening, as also lessons in Fencing, the use of the Sword, and all military exercises. Persons of delicate constitution and feeble temperament, as also those confined to their offices and engaged in sedentary pursuits, will derive from these exercises, improvement in their health, acquire strength in their limbs and find an agreeable recreation.

Mr. De Crety will also form similar classes for children, from 10 to 15 years old, at his house, or office, as parents may prefer. Fathers and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few weeks trial, as to the effect of these different exercises upon their health.

The continued patronage of the public is respectfully solicited.

To MERCHANTS.—Mr. De Crety will take charge of French correspondence to all the principal cities of France and will procure all Price Currents that they may want.

BAYLIES & LINCOLN'S
Milwaukee
Commercial College
212 and 214 East Water St.,
MILWAUKEE, - - WISCONSIN.

THE proprietors of the Milwaukee Commercial College would respectfully announce that the liberal patronage that has been extended to this deservedly popular enterprise has led them to extend the field of study, so that it will embrace every branch of a thorough Commercial Education. As there are no classes formed in any department of study—(thereby enabling the student to enter any time, each one receiving separate instructions)—the student, on entering, is placed in the Counting Room, with actual transactions to work from, thus making his education not merely theoretical, but practical to the last degree. The Commercial Course comprises Book Keeping by Double Entry, in its various forms, as adapted to Wholesale, Retail, Commission, Manufacturing, Custom House, Banking, Railroading, in stock partnership, and compound Company business, Commercial Calculations in per centage, Exchange, Bank and Regular Discounts, Averaging, Accounts by Simple and Compound Equations, &c., according to the most approved methods. Commercial Correspondence, including account sales, account currents, drafts, bills of exchange, &c., &c.

Also, a perfect system of detecting Counterfeit Bank Notes, will be given to each student.

A good Hand Writing guaranteed to every person completing a full course.

During the Seasons, Lectures on Commercial Law will be delivered by eminent legal and business men, and no pains will be spared to make this department particularly attractive.

The Reading Room will be supplied with the various Daily and other papers and publications.

Particular attention will be given to Ladies who may wish to acquire a business education, and separate rooms have been beautifully fitted up for their use.

Merchants and other business men are informed that, at any time, by a few days' notice, they can be supplied with competent Accountants, and young men will be assisted in procuring situations when desired.

MISCELLANEOUS.

Every Man his own Miller.
PORTABLE CAST IRON GRAIN MILL.
Young America Improved and Perfected.

THE above mill was patented by Charles Leavitt, of Ill., Feb. 27th, 1855. This mill took the first premium at the Ohio State Fair, 1855, over all other mills, and during the fairs of the fall of 1856, the first premiums over many others in the State Fairs of Ohio, New York, Tennessee, Michigan and Minnesota, also, at the County Fairs of the following Counties of Ohio and Indiana, viz: Guernsey, Crawford, Logan, Medina, Ashland, Wayne, Knox, Montgomery, Clark, Erie, Lorain, Richland, Plymouth district, Chester, Frederick. In Indiana, Tippecanoe, Jefferson, Wayne, Fayette, Shelby, Jennings, Warren and Fountain.
Farmers, saw Mill owners, Livery Stable men and all others feeding stock of any kind are invited to examine the merits and superior advantages of the above mill.
The Young America will grind as much corn in the cob, shelled corn, oats, barley, and all other grains for stock as any mill of the same size and with much less draft.
What we claim is great strength durability and simplicity, being so simple that a child can learn to grind with safety.
In the next we claim the small expense to renew the grinding parts of the mill, and the ease with which the grinders are put on the mill, at a cost of not over three dollars, which makes it superior and more economical than any other mill. The grinding parts of the above mill are made of the hardest of cast iron, as hard in fact as cast steel can be tempered. Each set will grind from 5000 to 10,000 bushels of grain, with proper usage. Besides the set of grinders on the mill, an extra set will be sent with each mill sold, making it equal to two common mills. When found necessary to change the grinders, almost any one can do it in twenty minutes.
As a proof of the estimation in which the Young America is held in Ohio, we would state that during the fall, winter and spring of 1855–56, 2500 were made and sold in Ohio, at Zanesville, by Douglas Smith & Co., Hall & Allen of Mansfield, Eldridge & [illegible] of Cincinnati, and at New Philadelphia.
At this time there is not less than 200 being sold every week in Ohio, at retail, besides those sold in other states east and west.
The above mill is being manufactured and can be furnished at wholesale and retail, from the Wisconsin Iron Works of A. J. Langworthy, on the water power in the City of Milwaukee. The mill is warranted perfect in all respects.
Dealers in agricultural implements and machines, of the State of Wisconsin, are requested to call and make arrangements for the sale of the above mills, to whom a liberal discount will be made on the retail price; also any others wishing to engage in a profitable business. Would call attention to good men who have teams, in any part of the State who would peddle the mills through the country. Four can be taken on a wagon at a time—liberal arrangements would be made with them.
The above mill will grind from 8 to 20 bushels of grain per hour, in accordance with the kind and condition of the grain.
Price of the Young America $55—ready to hitch to and warranted to grind as fast as any mill of the same size when properly worked, and with less draft.
For further information address or see the undersigned, sole owner of the right to the State of Wisconsin.
For sale by W. HARROLD SMITH.

MISCELLANEOUS.

HEALTHY BREAD!
MADE WITH
JAS. PYLE'S DIETETIC SALERATUS.
THIS article is deprived of the caustic impurities, so well known to exist in all common Saleratus, thereby dealing destruction to thousands not aware of its injurious qualities. So destructive is it to the constitution of children, that where they and the parents have been regular consumers of Saleratus Bread, there is but little chance for recovery from infantile or contagious diseases. In this way thousands meet with premature Death—the sad reality of which is forcibly demonstrated, in the mortality among children, in the New England and other States, where warm bread and cake is so generally consumed.
JAS. PYLE'S DIETETIC SALERATUS
Is of vast importance to the public, and is rapidly coming into use. Being deprived of all caustic impurities, it is quite as harmless as flour. In point of economy it excels having powerful raising properties, and is altogether superior to Baking Soda. No intelligent lady will dispute this after trying it.
It is packed in pound packages, each bearing the name of James Pyle, without which it is not genuine. For sale by John Furlong & Co., C. A. Folsom, Chapin & Gregory, Milwaukee; Ethridge, Sheemaker & Co., Madison. E. H. Jones & Bro., Fond du Lac, Wis.; A. Gross & [illegible], Chicago.

MEDICAL.

R. R. R.

THE MEDICAL TRINITY.
EACH of Radway's Three Remedies possesses special curative powers over certain diseases; and when either the Ready Relief, Renovating Resolvent, or the Regulators, are used for the certain class of diseases they are specially designed for, the system undergoes a rapid transformation from its diseased condition to a healthy and happy state of existence.

RADWAY'S READY RELIEF.
This remedy is to be used externally, or taken internally, for all pains, aches and infirmities. In a few minutes it stops the most torturing pains, subdues all inflammations and cures the worst cases of *Rheumatism, Lumbago, Gout, Paralysis, Neuralgia, Tooth-ache, Burns, Sprains, Strains, &c.* It restores the *lame, infirm and crippled* to soundness and vigor. It is likewise a certain cure and preventative for *Fever and Ague, Scarlet Fever, Smallpox, Croup, Hoarseness, Colds and Influenza.* Whenever you feel any unpleasant or painful symptoms, take a dose of Radway's Ready Relief, or apply it to the parts where the pain is located; in a short time you will enjoy ease and comfort.
Bear in mind, there is no pain so severe but that Radway's Ready Relief will stop, and no system so crippled with infirmities but that the R. R. R. Remedies will restore to sound and vigorous health.

RADWAY'S REGULATORS.
The discovery of these wonderful pills establishes a new era in purgatives, and a new principle in the science of medicine. In taking these pills no griping pains or sickness at stomach is experienced; they operate naturally, leaving the bowels, liver and other organs in a natural condition.
They insure those who take them a good appetite and a healthy digestion.
Each pill that is taken gives new life to the blood; they purify it, take from it all impure deposits and equalize its circulation.
One or two doses of Radway's Regulators will entirely remove all distressing symptoms of Dyspepsia, Jaundice, Nervousness, Indigestion, Costiveness, Liver Complaint, Billiousness, Melancholy, and will cure all organic diseases, either in man or woman. Ladies troubled with irregularities or weakening discharges, may rely upon a prompt cure and regular periods if Radway's Regulators are taken.

PICTURE OF HEALTH AND BEAUTY.
A few doses of Radway's Regulators will insure a clear, fair, pure and healthy skin and a rosy complexion. They give to those troubled with weak dull, yellow eyes, a clear and brilliant appearance. Radway's pills give a natural beauty to the face, eyes and head; and the use of the Ready Relief as a wash for the teeth and an aromatic for the breath, will change the most disgusting foul breath to sweetness, and the blackest teeth to Parian whiteness.
One to ten of Radway's Regulators is a dose; they never do injury, but always do good.

CONGESTIVE DISEASES, APOPLEXY, TERMINATION OF BLOOD TO THE HEAD.
Persons of full blooded plethoric habits are more subject to congestive diseases, headaches, rush of blood to the head, than those of a lean habit; bleeding in these cases is highly detrimental, nor does this practice lessen the danger; the difficulty is not caused by too much blood, but by its disturbed circulation, and the irregular action of the *heart.* Now a dose of Radway's Regulators will correct all these difficulties—they will *correct* the action of the heart, liver, and all other organs to a natural and regular action, and will immediately *equalize* the circulation of the blood. Mere purging in these cases will only aggravate the disease.
Radway's Regulators not only *regulate* the bowels, by which all diseased and injurious matter is purged from *the body,* but they control the whole system, and, hence, each and every organ, the heart, brain, liver, nerves, bowels, skin, pancreas, bladder, kidneys, stomach, lungs, throat, blood, and every tissue in the whole organization, to a healthy and regular action. They infuse new life throughout the whole system; their action is not confined to any local part of the stomach, like common pills, but they search out diseased action wherever it may be hidden, and expel all diseased humors and deposits from the body. In a few hours after taking a dose of these life creating pills you feel refreshed and invigorated from head to foot. We have known the dispirited and melancholy take a dose of Radway's Regulators *just to feel good—they make one feel so happy.*

RADWAY'S RENOVATING RESOLVENT.
Cures Humors, Salt Rheum, Scrofula, Ulcers, Nodes, Tumors, Fever Sores, Skin Eruptions, Blotches, Bronchitis, Dyspepsia, Gout, Dropsy, Syphilis, Consumption, Apoplexy, &c; and all constitutional and chronic diseases, either inherited by hereditary transmission, or inoculated by exposure or otherwise.
There is no remedy in the world that will work such miraculous cures in old diseases as Radway's Resolvent. It changes the whole human body—reproduces new and healthy blood.
☞ Bleeding from the lungs—Radway's Renovating Resolvent will, in a few minutes, check Hemorrhage from the lungs or throat. In cases where the patient coughs up clots of blood or pus streaked with blood, Radway's Resolvent will soon remove the difficulty.
☞ Sarah Hammond, of 103 East Thirty-Second st. had a bad cough for two years, she coughed up sometimes half a pint of blood during the night. She was cured in seven days by the Relief and Resolvent.
☞ A sore leg of 21 years cured in three weeks, by Radway's Relief. Mr. T. H. Kilgo, a merchant of high standing in Dahlonega, Ga., says:—"That a gentleman who, for 21 years, had been afflicted with a sore leg, that resisted every kind of treatment, was effectually cured in three weeks by Radway's Ready Relief, Resolvent and Regulators."

GENERAL COMPLAINTS.
If you catch a sudden cold, get a sore throat, or become afflicted with Influenza, a dose of Radway's Regulators, and an application of the Ready Relief, will free you from all pain and uneasiness. In a few minutes after the Relief is applied no soreness will trouble you. If afflicted with headache, either nervous or from foul stomach, Radway's Ready Relief, and a dose of Regulators, will remove all pain from the head, and restore health to the nervous and afflicted.
Radway's Ready Relief and Regulators always cures *Dyspepsia* in its most distressing forms, and nervousness with all its horrors.
☞ WHOOPING COUGH.—Thousands of cases of Whooping Cough have been cured in a few days by the Resolvent and Relief, and if the Whooping Cough is prevalent in the neighborhood, those who take half a teaspoonful of Ready Relief in a little water, once or twice per day, will never catch it. Radway's Relief destroys the infection of the "Whooping Cough."
☞ TOBACCO CHEWERS.—Those who have become reduced by the effect of tobacco, or the indulgence in spirituous liquors, who feel the horrors of incapacity, weakness, sterility, and the *infirmities* which a fast and intemperate, luxurious and lustful course of life inflicts upon its victims, will find relief from these horrors, and sure restoration to health, strength and vigor, by the use of Radway's Relief, Regulators and Resolvent.

BOERHAVE'S
HOLLAND BITTERS

THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND
FEVER AND AGUE,
And the various affections consequent upon a disordered
STOMACH OR LIVER,
Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.
This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended, more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.
It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.
NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.
CAUTION!
The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.
